

SAFETY DATA SHEET SDS 0330/US/305

DRIZIT ULTRA MAINTENANCE ABSORBENT FLAT SOCKS

1. Identification of the Substance/Preparation and Company/Undertaking

1.1 Product Identifier

Preparation Commercial Name: Drizit Ultra Maintenance Absorbent Flat Socks
Generic Name: Aqueous Flat Sock

1.2 Relevant identified uses and uses advised against

General Purpose Absorbent Socks

1.3 Details of the supplier of the safety data sheet

Darcy Products, details as above.

1.4 Emergency contact

Emergency telephone: 01732 762338
Emergency email: enqs@darcy.co.uk

2. Composition/Information on Ingredients

Ingredient	C.A.S. No.	% by Wt
Cellulose Fibre	9004-34-6	<91%
Super Absorbent Polymer	65930-07-6	<4%
Spunbond Polypropylene	9003-07-0	<5%

3. Hazards Identification

Specific Physical Form: Hydrophobic cellulose fibres in grey polypropylene outer
Odour, Colour, Grade: Grey, no odour
General Physical Form: Solid

3.1 Immediate health, physical, and environmental hazards:

This product, when used under reasonable conditions and in accordance with the directions for use, should not present a health hazard. However, use or processing of the product in a manner not in accordance with the product's directions for use may affect the performance of the product and may present potential health and safety hazards. If the outer cover is split, fibres/dust may be released into the working environment.

Revision Date: 18/12/2018

3.2 Potential Health Effects

Eye Contact:	No health effects are expected.
Skin Contact:	No health effects are expected.
Inhalation:	No health effects are expected.
Ingestion:	No health effects are expected.

3.3 Potential Environmental Effects

None.

4. First Aid Measures

The following first aid recommendations are based on an assumption that appropriate personal and industrial hygiene practices are followed.

Eye Contact:	No need for first aid is anticipated.
Skin Contact:	No need for first aid is anticipated.
Inhalation:	No need for first aid is anticipated.
If Swallowed:	No need for first aid is anticipated.

5. Fire-Fighting Measures

5.1 Flammable Properties

Auto-ignition temperature:	Not Applicable Self extinguishing
Flash Point:	Not Applicable
Flammable Limits – LEL:	Not Applicable
Flammable Limits – UEL:	Not Applicable.

5.2 Extinguishing Media

Use fire extinguishers with class B extinguishing agents (e.g., dry chemical, carbon dioxide). Self-extinguishing.

5.3 Advice for firefighters

Special Fire Fighting Procedures:	Wear full protective equipment and a self-contained breathing apparatus (SCBA).
Unusual Fire and Explosion Hazards:	Not applicable. No unusual fire or explosion hazards are anticipated.

Note: See Section 10 Stability and Reactivity for hazardous combustion and thermal decomposition information

6. Accidental Release Measures

None applicable

7. Handling and Storage

Handling: This product is considered to be an article which does not release or otherwise result in exposure to a hazardous chemical under normal use conditions.

Storage: No special storage conditions.

8. Exposure Control and Personal Protection

Engineering Controls:	Not applicable
Eye/Face Protection:	Not applicable
Respiratory Protection:	Not applicable
Prevention of Swallowing:	Not applicable
Exposure Guidelines:	None Established

9. Physical and Chemical Properties

Specific Physical Form:	Non-Woven Material containing cellulose fibres
Odour, Colour, Grade:	Grey, No Odour
General Physical Form:	Solid
Autoignition temperature:	No Data Available
Flash Point:	Not Applicable
Flammable Limits – LEL:	Not Applicable
Flammable Limits:	Not Applicable
Boiling point:	Not Applicable
Vapour Density:	Not Applicable
Vapour Pressure:	Not Applicable
Specific Gravity:	Not Applicable
pH:	Not Applicable
Melting point:	No Data Available
Solubility in Water:	Not Applicable
Evaporation Rate:	Not Applicable
Volatile Organic Compounds:	Not Applicable
Kow –Oct/Water partition coef:	No Data Available
Percent volatile:	Not Applicable
VOC Less H2O & Exempt Solvents:	No Data Available
Viscosity:	Not Applicable

10. Stability and Reactivity

Stability:	Stable
Materials and Conditions to Avoid:	None Known

Revision Date: 18/12/2018

10.1 Hazardous Decomposition or By-Products

Hazardous Decomposition: Under recommended usage conditions, hazardous decomposition products are not expected. Hazardous decomposition products may occur as a result of oxidation, heating or reaction with another material.

11. Toxicological Information

All ingredients are non-toxic.

12. Ecological Information

Polypropylene fibres may persist if released if released into the environment and are slowly degraded by UV exposure.

13. Disposal Considerations

Dispose of materials through an authorised waste contractor, in accordance with national legislation and local regulations as applicable, and taking into account the nature of the contaminant absorbed (likely to be Special Waste).

14. Transport Information

No special requirements for transporting these products.

15. Regulatory Information

Not applicable.

16. Other Information

NFPA Hazard Classification

Health: 0

Flammability: 1

Reactivity: 0

Special Hazards: None

National Fire Protection Association (NFPA) hazard ratings are designed for use by emergency response personnel to address the hazards that are presented by short-term, acute exposure to a material under conditions of fire, spill, or similar emergencies. Hazard ratings are primarily based on the inherent physical and toxic properties of the material but also include the toxic properties of combustion or decomposition products that are known to be generated in significant quantities.

Disclaimer: every effort has been made to ensure the accuracy of the above information. However, neither Darcy Products Limited nor any person acting on behalf of Darcy Products Limited can be held responsible for the use which might be made of the above information, or for any omission therein. Users are responsible for carrying out their own risk assessments and taking appropriate precautions.
